ACKNOWLEDGEMENT

First of all, I would like to thank Allah SWT above for making me who I am now, and for giving me a splendid life with many beautiful experiences in it. This paper is the final project for me during studying in 17 Agustus 1945 University. Therefore, I express the first gratitude to Allah SWT who always guides me during my study and writing this thesis.

Secondly, I would like to send my greatest gratitude to my advisor, Adeline Grace M.L., S.S., M.Pd. I thank for her patience, understanding and support in guiding me through the thesis writing process. Her suggestions are very important for me to complete my thesis. I could not finish this thesis if she did not encourage me in many ways. I also thank all lectures and staffs in Faculty of Cultural Science who are impossible for me to mention all here.

Then, I also express my sincere gratitude to my mother and my father for giving love, care, support and prayer to me. Both of them have given me everything that cannot be replaced by anything else in the world. So, thank you very much for your endless love. "Without both of you I could not be in this state, so thank you very much for your endless love". I also would like to express my thankfulness for my entire family, my grandfather, my grandmother and my brother for their support in everything.

At last, I would like to thank my beloved friend 3G: Geng Gonjang Ganjing (Arisma Elisha and Rima Meigita) for giving me support to complete this thesis, always giving me encouragement when I'm stuck, always helping me in any kind situation and always be by my side. "Thank you for being part of my life". I also would like to thank all my friends who have given me support and suggestion.
