ABSTRACT

This research entitles “*Traumatic Events of Silas’ Life in George Eliot’s Silas Marner the Weaver of Raveloe*”. The data are taken from a novel entitled *Silas Marner the Weaver of Raveloe*. This novel is about a living that Silas went through to several past events that happened in which called *Post-Traumatic Stress Disorder*. This research focused on the trauma that experienced by Silas in physical and emotional conditions that affected his secluded in a new place. The factorized intentional human is the factor of trauma in emotionally. The social support is a process into an improvement feeling of sympathy for loneliness one. This research used a qualitative descriptive method which was done in several stages: reading the novel, collecting all the samples, and grouping them. After the process getting the data, the writer put several elements of method, such as literary approach, research design, data source, research instrument, data collection procedure, data analysis procedure. The analysis categorized from statement of the problem and data that grouped according in the statement and gave some support theories and journals to give explain of analysis. In analysis it is discussed about the recovery after Silas raised up the orphan girl that made him gain everything through taking care of the girl by the support of someone who he can trust, put everything into faith and sure that Silas had the orphan child as his own daughter, and accepted an existence of social. The results of this research show that there are similarities between Silas’s life and some people today. This research has two categories of the story that determined by the first fifteen years Silas’s life at Lantern Yard where a past of Silas’s life become trauma in the next fifteen years when he secluded at Raveloe.

Keywords: *Traumatic events, Post-traumatic stress disorder, Novel of Silas Marner the Weaver of Raveloe*
