| Gimme all your recs where the <b>alpha</b> call the omega like sweet girl or little one, just something with that vibe. I'm just needing that right now                                                                               | R3.AL3 | looking for book recommendation                                       | informal between group member | written text on social media | - the first letter of Greek alphabet<br>- early version of software in the development stage | a dominant character who often uses affectionate nicknames to assert care or possessiveness                                                       |
| I need help remembering a book please. A beta comes into a pack and only listens to the male omega, totally ignores the <b>alpha</b> in the pack. Like only responds to the omega's order, not the alpha. Help please, and thank you. | R3.AL4 | request for help in finding books with a specific plot                | informal between group member | written text on social media | - the first letter of Greek alphabet<br>- early version of software in the development stage | dominant character in the social structure, but in this context his role can be questioned or defeated                                            |
| Looking for a sweet light story where the <b>alpha</b> males are virgins until they find their mate!                                                                                                                                  | R3.AL5 | request for lighthearted story featuring virgin alpha male characters | informal between group member | written text on social media | - the first letter of Greek alphabet<br>- early version of software in the development stage | dominant character but in this context portrays them as innocent virgins, contrasting expectations and emphasizing a sweeter, emotional narrative |
| Any books on the beta being in love with the <b>alpha</b> 's mate? And maybe there's a twist where the <b>alpha</b> offers to share his mate with the beta?                                                                           | R3.AL6 | story request with a love triangle relationship trope                 | informal between group member | written text on social media | - the first letter of Greek alphabet<br>- early version of software in the development stage | dominant character who has a willingness to share a partner, suggesting that alpha roles can be flexible and shaped or narrative innovations      |
| I'm looking for books that already have a male omega but the pack ends up being scent match to either another                                                                                                                         | R3.AL7 | looking for book recommendation                                       | informal between group member | written text on social media | - the first letter of Greek alphabet                                                         | character with the most physiologically and socially dominant position, where the dominant role                                                   |
